

Atnahs and Pharmanovia Partnership

April 18th, 2016

On behalf of Pharmanovia we are happy to inform you as our valued business partner, that as per 1st April, 2016, the UK based Atnahs Group has acquired a majority stake in Pharmanovia.

Atnahs is a family owned pharmaceutical business focused on acquiring, developing and marketing pharmaceutical products on international basis. In 2014 & 15 Atnahs has acquired three brands, from two big pharma companies, with existing sales, and is currently present with sales in 37 countries.

Since the beginning of 2015, Pharmanovia has been Atnahs' nominated distributor of its products in the Nordic countries. This business partnership has been beneficial for both companies, and it has therefore turned natural for Pharmanovia to join forces with Atnahs and thereby strengthen the company's position for its future growth plans.

Pharmanovia and Atnahs will together continue to build a European based specialty pharma company, and we look forward to our continued collaboration in the years to come.

Yours sincerely

Svend Johansen
Managing Partner
